

Make the switch to C1st today!

Switching to Community 1st Credit Union is easy! Our switch kit includes everything you need to help you make a smooth transition to Community 1st Credit Union.

Simply follow these steps ...

Step 1

Apply online for a membership with our Membership Application. It costs \$5 to become a C1st Member, but the \$5 goes back to you if or when you decide to close your membership in the future. To apply in person, visit any C1st location.

Step 2

Switch your direct deposit and automatic deposits by using our Direct Deposit Change Request form.

Remember: If you're moving your direct deposit to C1st from another source, please remember to notify them of the switch.

Step 3

Change automatic payments and withdrawals by using our Automatic Payment Transfer Request form. If you have more than one automatic transaction, simply fill out one form for each.

Step 4

Close out your old account once any outstanding checks and automatic withdrawals have cleared (this process may take several weeks). Once you're sure this has happened, you can use the enclosed Accounts Closing Request form to notify your previous financial institution to terminate your accounts and receive any balances.

Use our convenient checklist to help you make the switch today or get more details at any C1st location.
